LAWSON, J. D Professor, U. of Missouri April 1919 (025)

April 18th, 1919

Professor J. G. Lawson,

University of Missouri.

Dear Professor Lawson:

I am glad to be able to inform you that at a meeting of the Senate of the University of Toronto held on Friday, the 18th, a special statute was passed granting you the degree of Doctor of Laws in absence. This action was taken because we were informed that in all probability the state of your health would not permit you to come to Toronto in the near future to receive the degree. I hope that you will have many years to enjoy the honor that the University has bestowed upon you.

With kind regards, I am,

Yours sincerely,

President.
